OVERVIEW

Participation in this event crosses the curriculum areas of Introduction to Business, Information Technology, and Management. The students will manage a simulated business. During the challenge, FBLA members are required to:

- Register an individual or team up to three (3) people
- Download the software
- Run the simulation
- Upload files
- Compete and be ranked against other participating FBLA teams

GUIDELINES

1. At the SBLC, the qualifying teams will be recognized.
2. Note: The FBLA VBC is an official event brought to FBLA chapters through a partnership with Knowledge Matters. Participants use highly visual simulation software (like SimCity) to manage a distribution business. The FBLA VBC software is a free limited function version of the leading business simulation for education, Virtual Business—Management 2.0, which is a software program that was created by Knowledge Matters, Inc.
3. Please direct all questions to the National Office.

JUDGING

Participants will be judged at the National level.

STATE AWARDS

This is a National event. State winners will be recognized at the State Business Leadership Conference.

NATIONAL ENTRIES

Washington State may enter one (1) qualifying state winner for national competition. The top eight (8) nationally ranked teams from each VBC—both fall and spring but no more than one (1) per state, per challenge—are eligible to compete at the NLC. These sixteen (16) teams are determined by the standings in the fall and spring VBCs administered via the Internet during the school year.
